

EJERCICIO GUIADO: Menú usando una aplicación gratuita.

Descarga la aplicación CSS3 Menú de [easycssmenu.com](#) e instálala en tu sistema Windows. (USA UNA MÁQUINA WINDOWS QUE TENGAS PARA CLASE).

The screenshot shows the homepage of easycssmenu.com. At the top, there's a navigation bar with links for Home, Screenshots, Samples, Download, Buy, and Support. Below the navigation is a large banner with the text "World's best CSS menu maker" and "Create beautiful pure CSS drop down menus in minutes!". A green button labeled "Free Download" and a blue button labeled "Buy Paid Version" are visible. To the right of the banner is a screenshot of the software interface, which includes a toolbar, a main menu area, and a preview window showing a dropdown menu structure.
